

2017 USCLC Annual Workshop

Thursday, March 2, 2017
Hilton Orlando
6001 Destination Parkway
Orlando, FL, 32819

General Information

Activity Description

Interactive workshop focused on topical areas of research and practice in cutaneous lymphoma. The aim of the workshop is to review the current state and to pave the road to the new developments in the basic, translational and clinical research in cutaneous lymphomas and other lymphoproliferative disorders.

Our topic this year is: *Frontiers in Precision Medicine and Cancer Registry in Cutaneous Lymphoma*

Genomic and proteomic testing is rapidly becoming a compass in the practice of precision medicine. This workshop will help participants distinguish and more accurately interpret genomic and proteomic testing methods used in the evaluation of cancer tissue. In 2017 the USCLC will launch the first U.S. registry for cutaneous lymphomas. This workshop will help participants discriminate subtle differences in clinical and laboratory findings that may impact staging of patients with CTCL. In addition, attendees will be able to construct a plan to implement the power of the USCLC registry into their clinical workflow. As in 2016, the USCLC workshop we will use audience response devices to engage the physicians.

Target Audience

Dermatologists, medical oncologists, radiation oncologists, pathologists, transplantation specialists, and other clinicians who are involved in the diagnosis and treatment of patients with the cutaneous manifestations of cutaneous T-cell lymphoma.

Learning Objectives

At the conclusion of this activity, participants should be able to:

1. Distinguish genomic and proteomic testing methods used in the evaluation of cancer tissue
2. More accurately interpret genomic and proteomic testing results used in the evaluation of cancer tissue

3. Discriminate subtle differences in clinical and laboratory findings that may impact staging of patients with CTCL
4. Construct a plan to implement the power of the USCLC registry into your clinical workflow

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education. The Southern Alliance for Physicians Specialties Continuing Medical Education is accredited by the Medical Association of Georgia to offer continuing medical education to physicians. The Southern Alliance for Physicians Specialties Continuing Medical Education designates this Live educational activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Registration Fee Includes CME, breakfast, lunch, reception & dinner	Early Bird by Feb 16	After Feb 16
USCLC Member <i>2017 USCLC dues MUST be paid for USCLC member registration rate.</i>	\$150	\$200
Non-Member (USCLC) / ISCL Member <i>2017 ISCL dues MUST be paid for ISCL member registration rate. Documentation of paid membership must be forwarded from ISCL headquarters.</i>	\$175	\$225
Non-Member	\$250	\$30
Trainee <i>Fellow, Resident, Medical Student</i>	\$100	\$150
